

Jay

With over 30 years of professional experience, Jay excels at documenting your special day with great professionalism and by producing breath taking images. As a photographer skilled in the documentary tradition, Jay is an unobtrusive part of your wedding day.

Jay earned a BA in Professional Photography from Southern Illinois University and has worked for The White House (Carter Administration), Associated Press, Gannett Newspapers and The Orange County (CA) Register. For the last eight years his work has been focused on events and portraits on the East Coast.

Comments from some recent brides include:

"Thank you for all the beautiful pictures! Shawn and I got in Tuesday night and we watched the slide show of the wedding images until almost 2am. It was really wonderful to have worked with you. I have been telling everyone how great you are. Thank you for everything!"

And:

"I just looked at some of the shots from our wedding. Beautiful!"

Thanks so much for your hard work in the heat and humidity and for stopping at the stadium to get some extra shots. You were so easy to work with. I wouldn't hesitate to recommend you!"
